No.CGM(O)/2016/252-300

Dated:28.06.2016

There are standing orders that the bus while on line duty should not be left unattended and one of the crew members must be available in the bus. However, several instances have come in the notice during the field visits where the bus is found unattended without the presence of any of the crew member. This has been viewed very seriously.

All RMs/DMs are directed to issue instructions to the crew members that they should not leave the bus unattended on line and one of the crew members must be available in the bus while it is parked idle for various reasons like breakdown or during the rest time of the crew. Any violation of these instructions shall be viewed seriously.
