ARTICLES

The comprehensive scheme showing the works required as per **Terms of References** attached as Annexure-I is to be prepared by Consultant.

The objective of engaging a consultant for the project is to evolve an aesthetically pleasing, technically sound and economic proposal for **Repair & Rehabilitation of DTC Shadi Pur Depot Building New Delhi:-**

1.0 THE DEFINITIONS AND EXTENT OF AGREEMENT

1.1 Consultants accept the relationship of trust and confidence established between him and the MD, DTC this agreement. He covenants the MD, DTC to furnish his best skills and judgment to cooperate in furthering the interests of the MD, DTC. He agrees to furnish efficient business administration and to use his best efforts to design the Project in the best and soundest way and in the most expeditious and economical manner consistent with interests of the MD, DTC.

1.2 DEFINITIONS

For the purpose of this agreement, the following words and expressions shall have the meanings hereby assigned to them, except where the context requires otherwise.

- a) "Engineer-in-Charge" shall mean the person posted as Dy. CGM (Civil)-II DTC, Govt. of Delhi and shall be responsible for total construction management of the Project. All communication to and from the rehabilitation Consultant shall be routed through the Engineer-in-Charge, who shall be the duly authorized representative of the MD, DTC for the purpose of the agreement.
- b) "Consultant " shall mean which includes its authorized representative and legal heirs, engaged by the MD, DTC for undertaking the preparation of rehabilitation of DTC Shadi Pur Depot New Delhi.
- c) "Approved" shall mean approval granted by the Engineer-in-Charge in writing or accepted by him for incorporation into the works.
- d) "Contractor" shall mean a person/firm/company engaged by the MD, DTC for executing the works included in the scope of works of the Consultant.

2.0 SCOPE OF WORK

The Consultant shall be required to prepare and submit to the Engineer-in-Charge the following items of the work under this agreement.

2.1 PRE-TENDER SERVICES

As per terms of reference attached as (**Annexure-I**).

2.2 POST-TENDER SERVICES

- 2.2.1 (i) Assist in the review of any additional structural design and drawings during implementation of the approved rehabilitation and repair measures.
- (ii) Advise on the Contractor's proposal for scheme of staging, formwork etc. required to complete the rehabilitation and repair scheme.

3.0 PREQUALIFICATION

- 3.1 (i) The consultant should have valid empanelment for Inspection & Rehabilitation Govt. Buildings for the work of consultancy for undertaking Projects of Repair & Rehabilitation of the Buildings with any Govt. Deptt. of GNCTD/MCD/CPWD.
- (ii) The Consultant should have experience of one similar nature of work of at least same quantum as per present work during the last seven years.

4.0 GENERAL CONDITIONS OF AGREEMENT

- 4.1 The special inspection, conducting tests and rehabilitation proposal shall be in conformity with the latest National Building Codes (NBC) guidelines & IS/BIS codes specifications and direction of the Engineer-in-Charge
- 4.2 The Consultant will have constant and regular interaction with the Engineer-in-Charge and project proof Consultant, if any, for formulating the rehabilitation philosophy and rehabilitation parameters, preparation of detailed design/drawings/guidelines as stated herein including obtaining approval of the same from Engineer-in-Charge.
- 4.3 The Consultant shall prepare detailed drawings in digital format of various components and sub-components of the work and Consultant shall submit one soft copy in CDs of all the final Report and approved drawings etc. The design shall be based on design norms given in the Approved Design Basis Report. The analysis shall be done using general purpose structural engineering software as approved by the Engineer-in-Charge.
- 4.4 All design calculations and drawings including modified design/drawings shall be submitted in two sets to the Engineer-in-Charge.
- 4.5 The Consultant shall submit two bound sets of final approved design calculation and drawings for the entire scheme.
- 4.6 The Consultant shall also specify the method of construction and salient technology features required to advise on the requirements for ensuring quality control during

construction and to be included in the tender documents. The technology should be available in India and time tested for its efficiency.

- 4.7 The design/ remedial measures shall be submitted in chronological order as decided by Engineer-in-Charge so that there is no hold up in the execution of the project for want of designs/ remedial measures. The Consultant shall ensure timely flow of working drawings/instructions.
- 4.8 It will be the responsibility of the Consultant to get the designs and drawings/approved from the proof Consultant, if any, by rendering necessary assistance / clarifications. The Consultant shall furnish all the relevant supporting documents, additional design calculations required by the proof Consultant at no extra cost of the department, as the same is deemed to be included in the lump sum fee. Fees of the proof Consultant shall be paid by Department.
- 4.9 In case more elaborate drawings or design calculations are required by the Engineer-in-Charge, the same shall have to be supplied by the consultant as per requirement at no extra cost.
- 4.10 The consultant shall render every assistance, guidance and advice in general to the Engineer-in-Charge on any matter concerning the technical aspects of the project.

5.0 RESPONSIBILITIES FOR THE CONSULTANT

- 5.1 The Consultant during the period of his assignment and thereafter, till the satisfactory completion of the work, act as consultant and give any advice regarding the execution of repair & rehabilitation work as per structural drawings, including to the intending contractors who would tender and undertake the execution of work.
- 5.2 Consultant shall be responsible for accuracy and soundness of designs and good for execution drawings prepared by him.
- 5.3 The consultant shall protect the department against any damage or loss arising for want of such care and diligence or neglect of professional duty. To this effect, the Consultant shall indemnify the department through a professional indemnity insurance policy with a nationalized insurance company for 10% of the total fees payable to him. A copy of the policy shall be deposited with the Engineer-in-Charge.
- 5.4 The Consultant shall promptly notify the Engineer-in-Charge of any change in the constitution of his firm. It shall be open to the Engineer-in-Charge to terminate the agreement on the death, retirement, insanity or insolvency on any person being Director in the said firm, or on the addition or introduction of new Director without the previous approval in writing of the Engineer-in-Charge. But until it's termination by the Engineer-in-Charge as aforesaid, this agreement shall continue to be in full force and effect not withstanding any changes in the constitution of the firm by death, retirement, insanity or insolvency of any of it's Director or addition or introduction of any new Director. In case of death or retirement, the surviving or remaining Directors of the form shall be jointly and severally liable for the due and satisfactory performances of all the terms and conditions of this agreement.

5.5 The key personnel's comprising the consultant's team for the work should be drawn from the permanent staff of the firm. These key personnel's will be continuously associated with the design and drawings of this work from beginning to completion of the work.

5.6 The team should comprise of one senior in structural designer, and other support staff as per requirement. Senior in structural engineer should be a Post graduate in civil engineering with at least 10 years of experience and should have experience of at least one work of similar nature and quantum.

6.0 OBLIGATION OF THE ENGINEER-IN-CHARGE

6.1 The Engineer-in-Charge shall provide full information regarding the requirements of the project.

6.2 If any fault or defect in the designs and drawings or non-conformity of the drawings and specifications, come to the notice of the Engineer-in-Charge, the same shall be notified to the Consultant.

6.3 The water and electricity shall be provided by the client free of cost to the consultant for testing

7.0 CHANGES IN THE PROJECT

- 7.1 The Consultant agrees that he will not without the written permission of the Engineer-in-Charge makes any deviations in the approved plans or order any variation, omission or extras.
- 7.2 The Engineer-in-Charge without invalidating this agreement may order changes within the general scope of this agreement consisting of additions, deletions or other revision. All such changes shall be authorized by a change order.
- 7.3 A change order is a written order to the Consultant signed by the Engineer-in-Charge issued after execution of this agreement, authorizing a change in the scope of the services to be provided by the Consultant for which the fees will be suitably determined for any additional work involved.
- 7.4 The decision of the Engineer-in-Charge will be final and binding as to what constitutes a change, confirmed estimates for the cost of works detailed in the change order, all payments for the intermediate stages will be based on the estimated cost of such works.

8.0 CONSULTANT'S FEE AND STAGES OF PAYMENT

- 8.1(A) In the consideration of the performance of this agreement, the MD, DTC agrees to pay the Consultant for the services, at item rate basis as per Bill of quantities and rate quoted by the consultant
- (B) The Consultant fee should include the cost of all the equipment and T&P which may be required for checking/inspection of the buildings and cost of testing and drawing etc.
- 8.2 The Consultant shall be paid against the work done as per bill of quantities and rate quoted by the consultant.
- 8.3 The MD, DTC agrees to pay the bills within a month of its submission by the Consultant.
- 8.4 The rates quoted by the consultant shall be inclusive of GST as applicable and other applicable taxes, if any.

- 8.5 The professional fees of the Consultant include minimum two site visits to the site, one during the construction period and one after completion as and when required by the Engineer-in-Charge. After site visit Consultant would be required to submit inspection report which should also include observations and suggestions on quality assurance aspects.
- 8.6 Consultant's professional fee are also inclusive of responsibilities of carrying out modifications in design and drawings, if any required during executions of work due to site conditions unless indicated otherwise in the change order.
- 8.7 The Consultant's fee received from the agreement will be subject to normal tax liability in India. The Consultant shall be responsible for filing their tax returns and paying all the necessary taxes to Indian Government or any of its statutory authorities with no liability to the department. The income tax shall be deducted at source as per government direction.

9.0 SETTLEMENT OF DISPUTES

All difference and disputes arising between the DTC and the Consultant on any matter connected with this agreement in regard to the interpretation thereof or any other matter will be referred to the CMD/MD, DTC or any person designated for this purpose by MD, DTC. The decision of the MD, DTC shall be final and binding on both the parties.

10.0 SINGULAR TERMS TO HAVE PLURAL MEANING AND VICE VERSA

It is also an agreed term of this agreement that the singular terms and phrases, referred to herein above, shall have plural meaning and vice versa.
